ALL-TERRAIN BUGGY

## Designed to be different

Designed and hand built by Delichon, one of the UK's leading special seating companies, the Delta All-Terrain Buggy goes where others can only dream of.

Lightweight, rugged and compact when folded this off-road all-terrain 3-wheeler offers access to the great outdoors in a range of sizes for children and adults with mobility problems. The unique multi-position rear axle allows optimum set-up of dynamic stability and balance making the Delta easy to push and manoeuvre.

Designed and Manufactured  
in the United Kingdom

## DESIGNED FOR THE GREAT OUTDOORS

Ideal for a family beach holiday or a challenging trek into the great unknown. Take your Delta All-Terrain Buggy for an off-road stroll by a lake, a run alongside the canal, through the countryside or up a mountain. Enjoy picnics in the sunshine, explore your local beach or park, go fishing, explore footpaths, collect shells, eat ice-cream or fly your kite.

**Live life to the full.**

# THE DELTA TRAIL

Delichon's Delta Trail is an innovative adaptation which converts either a Small or Medium Delta All-Terrain Buggy into a bicycle trailer.

The Delta Trail conversion allows you to change your existing Delta into a high performance cycle trailer. Simply remove the front wheel and use the Trail linkage to convert your everyday Delta into a new experience. Suitable for small and medium Deltas this allows you to tow your buggy safely behind most bikes.

- Easily fitted to existing small or medium delta buggy frames
- Fits directly to buggy frame without modification
- Multi axis linkage for manoeuvrability
- "Fall-safe" design isolates the bicycle from the buggy in the event of an accident
- Removable roll bar for head protection
- Front wheel when removed can be stored in buggy basket
- Easy to switch back to standard 3-wheel configuration
- Fits most adult size bicycles
- Supplied with adaptors for a range of seat-post sizes
- Additional bike attachments available so more than one bike can be used for towing

## THE ULTIMATE SPECIAL NEEDS ALL-TERRAIN BUGGY

**"S is delighted and she can now enjoy our frequent cross country walks and visits to the coast."**

**"We live in a rural area and this new buggy has made getting out and about so much easier for T. We have been able to go further afield and he has already had 'all terrain' adventures locally."**

**"Delta arrived today and we went for a lovely walk up our local hill to see the castle, with much less effort than normal and a very happy sitting position for D, so thanks very much!"**

**"We like the Delta Buggy more than the other ones before, it is much more steerable / controllable than the 4-Wheel-Product, and it is better to transport, because of the possibility to fold up in a very small size."**

**"We recently bought an All-terrain Buggy for my 85 year old mother. It is a brilliant piece of technology and exactly what we had hoped it would be. The thing my mother missed was the ability to go for walks in the countryside. She can now do it again and in comfort."**

**"Thanks for the help. He loves his new buggy!"**

**"I received the pushchair today (thanks for getting it out so quickly) and just wanted to say how wonderful it is! O instantly fell in love with it and said it was her favourite pushchair ever and she's had quite a few!"**

**"The representative from Delichon was brilliant too – very sensitive to our needs and passionate about the quality of his products. Thank you once more for the difference you have made to my son's quality of life."**
